

All advantages at a glance:

Now with pure EPDM top layer!

Water permeable & fast drying!

Slip resistant even when wet!

Very colour stable!

**NEW
TOP
LAYER!**

- The article prices remain unchanged according to current price list from 15.01.23
- For spare parts orders the old impact protection elements are still available!
- New orders of complete trampolines plus impact protection we will confirm with the new article numbers in the future.
- A new impact protection-system for our Loop-versions is also planned! More info regarding this will follow during the season 2023.
