

## Safety rooms and distances for playground & kindergarten trampolines

Safety rooms and distances	Surrounds	Surrounds when arranged in-line* <sup>1</sup>	Above* <sup>2</sup>
Wehrfritz FUN models	2 m	2 x 3 m	3,5 m

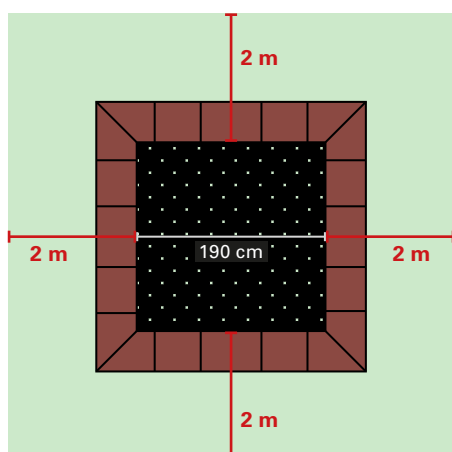

\*<sup>1</sup> If there's a defined direction of movement, you must consider a safety area of at least 3 metres length at the sides of jump-in and jump-out!  
See page 2.

\*<sup>2</sup> Over the playground trampoline there should be a free space of at least 3,50 metres (no trees, power lines, etc.).

### Safety area starts from the end of the jumping bed / tile inside edge:

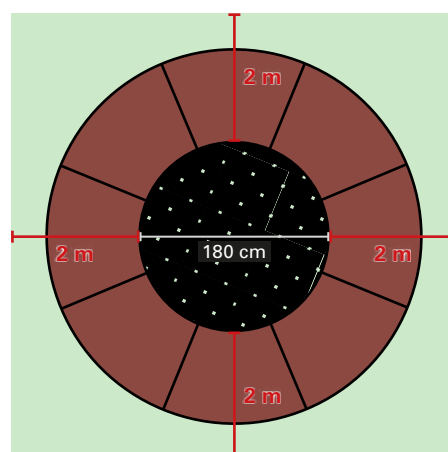

#### Wehrfritz FUN XL models

- Wehrfritz FUN XL „Kindergarten“ (Art. 94500)
- Wehrfritz FUN XL „Playground“ (Art. 97610; 97610B)

#### Wehrfritz FUN rund models

- Wehrfritz FUN rund „Kindergarten“ (Art. 94750)
- Wehrfritz FUN rund „Playground“ (Art. 94700; 94700B)

### Surrounding safety areas for all playground and kindergarten trampolines when arranged in-line:

If there's a defined direction of movement, you must consider a safety area of at least 3 metres length at the sides of jump-in and jump-out!
