PlayPro™ rubber protection lip

PRODUCT DETAILS:

- PlayPro™ was developed by Rampline in cooperation with Eurotramp;
- Meets the requirements of DIN EN 1176;
- Easy installation;
- Made of non-slip natural rubber;
- Creates a smooth transition between the trampoline and the surrounding ground covering, e.g. to EPDM wet pour surface or artificial turf;
- Provides optimal and durable fall protection to the trampoline's inner edge (shock absorbing).
